

Ten Things to Know About Virtual Arts Camp

Thank you for joining us for Connection Camp: Arts Camp in a Bag, Aug. 10 - Aug. 13 from 11 a.m. to 12 p.m. Each day, campers will interact with a daily story and sessions of music, art, and movement. Supply kits will be available for pick up after campers are registered.

1. **Age requirements:** Rising Kindergartener through 5th grader due to time requirement and platform of our Virtual Vacation Bible School.
2. **Supply Kits will be available.** Identified supplies and instructions are provided for your child to complete our group activity with us on zoom as well as the additional supplies required to complete suggested activities at home. Once parents/guardians have registered their children, we will email a pick up time for supply kits.
3. **Zoom Links:** Links will be emailed out the day before each Zoom gathering with all needed information for children to be ready to participate. To ensure our children's safety, only registered participants will receive Zoom details and be permitted in our gatherings.
4. **Timely Arrival & Wait Rooms:** Please arrive to our Zoom session on time. It is very difficult to get back on track if a child enters the meeting in the middle of the lesson. If a child arrives late, wait rooms will be enabled. Please wait patiently until access is permitted. If a child arrives too late, a child will not be allowed to access due to missed instruction or missed information needed to participate.
5. **Adult Supervision Needed:** Children will need an adult close by to supervise movement and provide assistance when using the mute feature during story times or instructional times. Parents/guardians may want to review using the mute feature with children before gathering on Zoom.
6. **Zoom Rules:** During our time on Zoom, children will not be allowed to have virtual background or use the chat feature.
7. **Have supplies ready:** Parents will be notified the day before with materials needed for the next day. Please have these materials ready for your child before logging on to Zoom.
8. **Clothing:** Please dress your camper in appropriate clothing for Summer Arts Camp. They will need to move comfortably for the music and movement sessions and will be working with messy materials in the art sessions.
9. **Active Participants:** All leaders and children will be learning, and engaging together. Our desire is for each child to fully participate with a good spirit and have fun while also keeping in mind that people around us share different faith experiences and have different opinions.
10. **Sharing Photos:** Since we are unable to gather in person, we ask that parents send photos of your kids watching the VBS Zoom gatherings and when they are participating in activities at home. Pictures will be share during our Zoom gatherings and with our church members on Social Media.
